UI/UX Design Bootcamp – NextFrame, Faculty Technology Information, Universitas Negeri Malang (2025)

Cyber Security Awareness – SMK Telkom Malang (2024)

Language

English (Intermediate), Indonesian (Native)

Surya Putrahadi Yustitia

Frontend Developer

Dear Hiring Manager,

I am excited to apply for the **Frontend Developer** position at . As a Software Engineering student at SMK Telkom Malang, I am passionate about building responsive, user-centered web applications and continuously improving my skills in modern frontend development.

Through my academic journey and personal projects, I have developed strong foundations in HTML, CSS, JavaScript, Next.js, Git, and GitHub. I had the opportunity to work as a Frontend Developer in a team project where I built responsive web pages and collaborated closely with backend developers to integrate application features. This experience strengthened my technical skills while teaching me the importance of communication, teamwork, and writing maintainable code.

Beyond team projects, I have developed several web applications, including a train ticket booking website and a CRUD-based online store system. I also designed interfaces using Figma, allowing me to better understand how design decisions impact user experience and frontend implementation.

What attracts me most to cmlabs is your commitment to innovation, continuous learning, and collaborative growth. I admire how cmlabs encourages every team member to take ownership, keep learning, and create meaningful digital solutions. Those values align closely with how I approach learning and software development. I enjoy exploring new technologies, accepting feedback, and continuously improving both my technical and problem-solving skills.

Although I am at the beginning of my professional career, I am highly motivated to learn, adapt quickly, and contribute to the engineering team at cmlabs. I believe my enthusiasm for frontend development, willingness to grow, and collaborative mindset would make me a valuable addition to your company.

Thank you for considering my application. I would welcome the opportunity to further discuss how my skills and passion can contribute to cmlabs. I look forward to hearing from you.

Sincerely,

Surya Putrahadi Yustitia
